PICK CENTER OF VALLEY FOR ROAD

County Commissioners Decide Upon Route, Provided Rightsofway Are Secured.

Because they believed it preferable, the county commissioners chose a route through the center of the valley, instead of up to the foothills for the new north loop road. This road is to begin at the five mile bridge in the lower valley and swing around to Fabens. All rights of way and promises of grading have not been made and if they should fail in this, it is possible that the other route may have to be chosen in its stead. But the owners of property in the center of the valley expressed the opinion that all details would be properly arranged, so the road can be built as suggested.

County Judge A. S. J. Elyar reported that he and Mayor Kelly had received assurances in Austin that the state will fully protect its interests in the boundary suit which New Mexico has brought to secure such a change in the boundary that a portion of the upper El Paso valley would be given to New Mexico.

Expenditures for February. County auditor R. D. Barnum reported the expenditures of the county for the month of February amounted to \$16,435.32, which leaves approximately \$15,500 in the budget fund.

J. M. Deaver's appointment to act as county judge while Judge Elyar is absent and engaged in road work was approved, and salary allowed by the commissioners.

A problem which the commissioners faced was the selection of judges for a county school trustees' election to be held the first Saturday in April. Those elections as a rule are an unnecessary expense, because nobody ever wants to run for such a job. There is no remuneration and even the judges appointed to act at the elections receive no pay. Hence it is difficult to secure judges and some times impossible.

Nevertheless the county is compelled to go to the expense of preparing stationery and sending the ballot boxes and election material to polling places and returning them to the courthouse.

Five Extra Deputies. The commissioners allowed the appointment of five extra deputy sheriffs to act during the cattleman's convention.

County treasurer J. D. Ponder deposited \$105,469 in the State National bank, the county depository for this year. Of this \$88,466 was transferred from the old depository, the First National bank and the balance \$20,999 just received by the collector on account of the road and bridge fund.

The monthly report of county health officer Hugh S. White showed 28 patients entered the hospital during February; 30 left and 49 remained at the end of the month. Seventy-two were treated in the hospital, 342 were seen in the clinic and consultations were held there. The collections amounted to \$32.85, of which \$3.85 was paid the nurse and \$4 was paid out for cleaning laundry, paid to the county.

L. G. Gaal, superintendent of the poor farm, reported the expenses \$23.4 cents a patient for the month of February. The patients in all departments during the month numbered 105, of whom 72 remain, 37 having left or died.

FATHER OF MISS F. A. BELL. Miss F. A. Bell, of this city, has received news of the death of her father, J. Bell, on February 24, at his home in Birmingham, England.
